

NOVUS™ 100

CRASH CUSHION

MASH

NOVUS™ 100

The NOVUS™ 100 is a redirective, non-gating, energy absorbing crash cushion tested to the Manual for Safety Hardware (MASH) Test Level 3. It can be used for unidirectional or bidirectional applications to shield fixed objects.

FEATURES

- Galvanized all-steel construction designed for durability.
- Uses only 33 anchors.
- Self contained backup.
- Basetrack guide stabilizers.
- Anchorage in concrete and asphalt.
- High strength steel panels.

ASSEMBLY AND MAINTENANCE

- Damaged side panels are replaceable.
- Units arrive assembled.
- Potentially reusable after an impact within MASH crash test standards.*
